Notes:

MINNESOTA ONLY*- There was one breakout session for this course that was approved for differing credit types. The maximum number of credits possible for this course is 11.5 credits. Attendees may claim up to 8.5 standard, 3 ethics and 1 elimination of bias depending on which sessions you attended.

Ethics Credit was awarded for the 2:45-3:45 breakout session: Mental Health and the Practice of Law During a Pandemic- We've All Been Through a Lot: The Pandemic's Impact on Judges and Lawyers. Elimination of bias credit was awarded for the 2:45-3:45 breakout session: How a Representative Judiciary Ensures Judicial Legitimacy. Attorneys wishing to receive credit for this course must report the attendance in their OASIS portal at www.cle.mn.gov.

MISSOURI ONLY**- Missouri allows attorneys to receive ethics credit for implicit bias, diversity, inclusion, and cultural competency, therefore, an attorney can receive credit for both in the same course. Because the sessions of Mental Health and a Representative Judiciary are offered at the same time, however, an attorney will only be able to claim a maximum of 3.6 ethics credits or 3.6 ethics and 1.2 bias/inclusion credit. An attorney will only receive the ethics **and** bias credit if they attend the representative judiciary seminar.

ALL STATES- Please note that for concurrent sessions some states approved credit for each individual course within a session. For example, the Pandemic Litigation session has 3 separate courses: Civil, Criminal, and Bankruptcy. Other states gave blanket approval to the Pandemic Litigation session as one course. An attorney may only claim credit for the specific course you attended.
