

# THE AMERICAN ACADEMY OF NEUROLOGICAL SURGERY

American  
Association of  
Neurological  
Surgeons

Jointly Provided by the AANS

## LEARNING OBJECTIVES

- Describe the implications of modern genomics for brain tumor diagnosis, vascular disorders, and errors of metabolism
- Discuss the evolution of spinal techniques for management of cervical and lumbar pathology based on randomized trials
- Identify novel applications for therapeutic devices in the nervous system, including intravascular therapy for stroke, hemorrhage, and hydrocephalus, and functional surgery applications beyond movement disorders.
- Define the impact of new imaging technology for both pre-operative and intra-operative management of neurosurgical disorders.

## ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the AANS and the American Academy of Neurological Surgery. The AANS is accredited by the ACCME to provide continuing medical education for physicians.

## DESIGNATION STATEMENT

The AANS designates this live activity for a maximum of 15 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*Link for CME reporting will be sent to you via email following the meeting.*

DISCLOSURE STATEMENT

Before the program, anyone in control of the educational content of this activity will disclose the existence of any financial interest and/or the relationship they or their significant other have with the manufacturer(s) of any commercial product(s) to be discussed during their presentation. Disclosures are included in the final program.

INTENDED AUDIENCE/BACKGROUND REQUIREMENT

The scientific program presented is intended for neurosurgeons either in training or in active practice.

AANS JOINT PROVIDERSHIP DISCLAIMER STATEMENT

The material presented at the 81<sup>st</sup> Annual Meeting of the American Academy of Neurological Surgery has been made available by the American Academy of Neurological Surgery and the AANS for educational purposes only. The material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

Neither the content (whether written or oral) of any course, seminar or other presentation in the program, nor the use of a specific product in conjunction therewith, nor the exhibition of any materials by any parties coincident with the program, should be construed as indicating endorsement or approval of the views presented, the products used, or the materials exhibited by the American Academy of Neurological Surgery and jointly provided by the AANS, or its Committees, Commissions, or Affiliates.

Neither the AANS nor the American Academy of Neurological Surgery makes any statements, representations or warranties (whether written or oral) regarding the Food and Drug Administration (FDA) status of any product used or referred to in conjunction with any course, seminar or other presentation being made available as part of the 80<sup>th</sup> Annual Meeting of the American Academy of Neurological Surgery. Faculty members shall have sole responsibility to inform attendees of the FDA status

of each product that is used in conjunction with any course, seminar or presentation and whether such use of the product is in compliance with FDA regulations.
