

City of Hope Clinical Cancer  
Genomics Community of Practice  
**Cancer Genomics Bootcamp:**  
**Cutting edge updates and tools to  
advance your GCRA practice**  
**February 27-28, 2025**

**CCGCoP Cancer Genomics Bootcamp: *Cutting Edge Updates and Tools  
to Advance your GCRA Practice***  
**Thursday & Friday, February 27-28, 2025**  
**Le Méridien Hotel, Pasadena-Arcadia, CA**

*Details subject to change*

**Thursday, February 27, 2025**

9:00 AM	<b>Check-In &amp; Registration</b> <b>Exhibit Booths Open</b>
10:35-10:55 (20 Min)	Transition and Welcome Bootcamp Attendees Location: <i>Event Lawn</i>
10:55-12:00 PM (65 Min)	<b>Genetic Cancer Risk Assessment (GCRA) Case Conference</b> Challenging Cases from CCGCoP Practice Settings <i>City of Hope Clinical Faculty &amp; CCGCoP Members</i> Location: <i>Event Lawn</i>
12:00 – 1:00 PM (60 Min)	<b>Sponsored Lunch Presentation (Non-CME)</b> Location: <i>Event Lawn</i>
1:00-1:30 PM (30 Min)	<b>Transitional Break to <i>Grandstand Ballroom</i></b> <b>Visit Exhibitor Booths</b>
1:30 – 2:30 PM (60 Min)	<b>Putting It All Together: Team-Based Learning, Part 1: Breakout Sessions</b> <i>City of Hope Co-Moderators: Kathleen R. Blazer, EdD, MS, CGC &amp; Alex Capasso, MS, CGC</i>
2:30 – 2:40 PM (10 Min)	<b>Refreshment Break</b>
2:40-4:00 PM (80 Min)	<b>Putting It All Together: Team-Based Learning, Part 2A: Case Review and Discussion</b> <i>City of Hope Co-Moderators: Kathleen R. Blazer, EdD, MS, CGC &amp; Alex Capasso, MS, CGC</i>
4:00-4:10 PM (10 Min)	<b>Refreshment Break</b>
4:10-5:30 PM (80 Min)	<b>Putting It All Together: Team-Based Learning, Part 2B: Case Review and Discussion</b> <i>City of Hope Co-Moderators: Kathleen R. Blazer, EdD, MS, CGC &amp; Alex Capasso, MS, CGC</i>
7:00-8:30 PM (90 Min)	<b><i>Run for the Roses Dinner Reception (Non-CME)</i></b> Welcome new CCGCoP members and network with your GCRA colleagues at this exclusive and fun CCGCoP social event!
8:30-10:00 PM (90 Min)	<b>Poster Session with Dessert Station (Non-CME)</b> Excellent opportunity for CCGCoP colleagues to share with and learn from one another's accomplishments

## Friday, February 28, 2025

7:00-8:15 AM (75 Min)	<b>Sponsored Breakfast and Seminar/Exhibit Booths (Non-CME)</b>
8:15-8:25 AM (10 Min)	<b>Welcome and Announcements</b>
8:25-8:45 AM (20 Min)	<b>Opening Address &amp; Keynote</b> <b>Universal Access to Germline Genetic Testing for Cancer Patients – A Bright Horizon</b> Stephen Gruber, MD, PhD, MPH   City of Hope
8:45AM -12:30 PM	<b>Hot Topics and Updates in Cancer Genomics and Precision Medicine</b> Rapid Round highlights on the latest advances across the spectrum of cancer genomics from Bench to Bedside with Panel Discussion
<b>Precision Medicine</b>	
8:45 – 9:00 AM (15 Min)	<b>Clinical Trials in Precision Medicine</b> Joanne Jeter, MD, MS   City of Hope
9:00 – 9:15 AM (15 Min)	<b>Utility of Multi Cancer Detection Assays - Diagnostic vs. Management</b> Ravi Sharaf, MD   Weill Cornell Medicine
9:15 – 9:30 AM (15 Min)	<b>Pharmacogenomics in Cancer Care: What you need to know</b> Jill Bates, PharmD, MS, BCOP, FASHP   US Department of Veterans Affairs
9:30 – 9:45 AM (15 Min)	<b>Deep Case Review for Precision Medicine and GCRA</b> Katherine Roth, MD   City of Hope
9:45 – 10:00 (15 Min)	<b>Panel Discussion and Q&amp;A: Precision Medicine</b>
<b>Hereditary Gastrointestinal Updates</b>	
10:00 – 10:15 AM (15 Min)	<b>Updates on the PRECEDE Trial for Early Detection of Pancreatic Cancer</b> Gregory Idos, MD, MS   City of Hope
10:15 – 10:30 AM (15 Min)	<b>Leveraging Technology to Improve Lynch Syndrome Management: Insights from the Healthy Planet Database</b> Heather Hampel, MS, CGC   City of Hope
10:30 – 10:45 AM (15 Min)	<b>MyLynch: A Patient-Facing Clinical Decision Support Tool for Personalized Risk Assessment in Lynch Syndrome</b> Danielle Braun, PhD   Harvard T.H. Chan School of Public Health
10:45 – 11:00 AM (15 Min)	<b>Panel Discussion and Q&amp;A: Gastrointestinal</b>
11:00 – 11:15 AM (15 Min)	<b>Refreshment Break</b>
<b>Advances in Risk Management</b>	
11:15 – 11:30 AM (15 Min)	<b>Evidence-Based Updates on Gynecological Risk Reducing Strategies</b> Melissa Frey, MD, MS   Weill Cornell Medicine
11:30-11:45 AM (15 Min)	<b>What's All the Hype about TP53 Hypomorphic Variants</b> Bita Nehoray, MS, CGC   City of Hope
11:45 – 12:00 PM (15 Min)	<b>Smarter Breast Cancer Screening through Personalized Risk Stratification: Updates on the WISDOM Trial</b> Lisa Madlensky, PhD, CGC   UC San Diego Health Moores Cancer Center
12:00 – 12:15 PM (15 Min)	<b>Panel Discussion and Q&amp;A: Risk Management</b>

<b>GCRA Practice Issues and Innovations</b>	
12:15 – 12:30 PM (15 Min)	<b>Working with Your Radiology Team to Identify Patients with Increased Breast Cancer Risk</b> Julie Culver, MS, CGC   USC Norris Cancer Center
12:30- 12:45 PM (15 Min)	<b>Exploration of Patient Experiences Through A New Model of Genomics Care Delivery</b> Kathryn Reyes, MS, CGC   City of Hope
12:45 – 1:05 PM (20 Min)	<b>Keynote: No Good Deed...Liability Issues after Cancer Genetic Testing</b> Ranjit Goudar, MD   Virginia Oncology Associates
1:05 – 1:20 PM (15 Min)	<b>Panel Discussion and Q&amp;A: GCRA Practice Issues and Innovations</b>
1:20-2:30 PM (70 Min)	<b>Sponsored Lunch and Seminar (Non-CME)</b>
<b>Leveraging Resources to Support and Grow Your GCRA Practice</b>	
2:30- 2:45 PM (20 Min)	<b>Keynote: Practical Considerations, Lessons Learned, &amp; the City of Hope Experience</b> Ilana Solomon, ScM, MA, CGC   City of Hope
2:45 – 3:30 PM (45 Min)	<b>Tools And Strategies to Identify Patients for Genetic Cancer Risk Assessment</b>
	<b>Identifying patients for genetic testing from the EHR: Opportunities and Challenges</b> (15 Min) Wendy Kohlmann, MS, CGC   Huntsman Cancer Institute  Followed by participant & panel discussion, polls, prompts to discuss barriers, issues, needs and solutions related to identifying patients, getting referrals, etc. (30 Min) <i>City of Hope Co-Moderators:</i> Anuja Chitre, MS, CGC & Christina Rybak, MS, CGC
3:30 – 4:15 PM (45 Min)	<b>Integrating The Genetic Testing Process in the EHR</b>
	<b>Precision Oncology Reporting with Discrete Genomic Variants: Telling our Story for Clinical, Research, and Quality Improvement</b> (15 Min) Karen Huelsman, MS, CGC   TriHealth Precision Medicine Institute  Followed by participant & panel discussion, polls, prompts to discuss barriers, issues, needs and solutions related to identifying patients, getting referrals, etc. (30 Min) <i>City of Hope Co-Moderators:</i> Elyssa Zukin, MS, CGC & Kaila Wilson, MS, CGC
4:15 – 4:30 PM (15 Min)	<b>Refreshment Break</b>
4:30 - 5:15 PM (45 Min)	<b>EHR Tools for Risk Management and Patient Tracking</b>
	<b>Integrating Best Practice Alerts into the City of Hope EHR and Leveraging EPIC Reminders to Streamline Clinical Follow up</b> (20 Min) Lauren Gima, MS, CGC   City of Hope Hunaydah Elfarawi, MS, CGC   City of Hope  Followed by participant & panel discussion, polls, prompts to discuss barriers, issues, needs and solutions related to identifying patients, getting referrals, etc. (25 Min) <i>City of Hope Co-Moderators:</i> Lauren Gima, MS, CGC & Hunaydah Elfarawi, MS, CGC
5:15 – 6:00 PM (45 Min)	<b>Overcoming Healthcare System Barriers to GCRA</b>
	<b>Building the Case for Cancer Genetics Services</b> (15 Min) Alex Capasso, MS, CGC   City of Hope Elise Sobotka, MS, MPH, CGC   City of Hope  Followed by participant & panel discussion, polls, prompts to discuss barriers, issues, needs and solutions related to identifying patients, getting referrals, etc. (30 Min) <i>City of Hope Co-Moderators:</i> Elise Sobotka, MS, MPH, CGC & Alex Capasso, MS, CGC
6:00 – 6:15 PM (15 Min)	<b>Summary and Closing Remarks</b>
